

Application Form

**EPIC Educational Program Innovations Center
Internationally Educated Engineer
Bursary Program**

EPIC's Internationally Educated Engineer Bursary Program is a bursary program designed to financially assist Internationally Educated Engineers in their pursuit of their professional engineering license.

How does the program work?

For those that qualify, the bursary program will award \$500 to the candidate that takes an exam preparation program with EPIC and then writes and passes all of the associated PEO exams they have been assigned and have thus met all academic requirements of their P.Eng. license.

What are the criteria for being accepted?

The program is designed to help those based on performance on the exams. To qualify, the candidate must be a landed immigrant who has resided in Canada for not more than three years, have been advised by the Provincial Professional Engineering Association of the Province of residence of the need to pass a specific engineering licensing examination, have taken and completed the courses from EPIC that prepares candidates for the licensing examinations and have written and passed all the respective licensing examinations assigned and have met all academic requirements for their P.Eng. license.

To apply for the bursary program, please provide the following information:

First Name _____ Last Name _____

Address _____

Course taken with EPIC _____

PEO Technical Exam Written _____

Date exam was written _____ PEO Technical Exam Grade _____

Please send the complete application form,
